

Installation Guide

1. أول حاجة هندخل ع الموقع ده عشان نستطب السكوال سيرفر

<https://www.microsoft.com/en-us/sql-server/sql-server-downloads>

بعدها هنختار نسخة الديفولبر

Developer

SQL Server 2022 Developer is a full-featured free edition, licensed for use as a development and test database in a non-production environment.

Download now

بعدين هنفتح الملف اللي نزل ونختار Custom

بعدها هنختار Installation ونختار new Sql

Developer then next ..

Edition License Terms Global Rules Microsoft Update Product Updates Install Setup Files Install Rules Azure Extension for SQL Server Feature Selection Feature Rules Feature Configuration Rules	Select an edition of SQL Server to install. You can choose to either already purchased by entering the product key or choose pay-as-you-go. You can also specify a free edition of SQL Server: Developer, Evaluation, or Express. The Developer edition is the largest set of SQL Server features, as documented in SQL Server Books Online. The Evaluation edition does not have an expiration, but is licensed for non-production database applications. To change one installed edition to another, run the Edition Upgrade Wizard. ☒ Specify a free edition: Developer ☐ Use pay-as-you-go billing through Microsoft Azure: Warning: To enable this option, you must have an active Azure subscription and a resource group.
---	--

Uncheckbox then next ..

☐ Azure Extension for SQL Server	To install Azure extension for SQL Server, provide your Azure account or a service principal to authenticate the SQL Server instance to Azure. You also need to provide the Subscription ID, Resource Group, Region, and Tenant ID where this instance is registered. For more information for each parameter, visit https://aka.ms/arc-sql-server .
